

THE CLAY CITY TIMES.

\$1.00 a Year in Advance.

We are here to help Clay City, the Surrounding Country and Ourselves.

J. E. Burgher, Publisher.

VOL. XVIII.

CLAY CITY, KY., THURSDAY, JANUARY 9, 1913.

NO. 2

Plenty of Water.

The present tide in Red river is the largest for the past two years, liking but about three feet of being as high as it was four years ago in April when the bridge at Bowen was washed down and the approaches to the bridges at Waltersville and Walter's Ferry were washed down. The river is very wide where the bottoms are low and spreading. Just back of the Times office for instance, we can look out and see possibly a mile of water, while the river straight across must be about one-half mile wide. It is beautiful scenery and pleasing to behold at this season of the year when the destruction is at the minimum. Four years ago we saw the river almost this high July 5th. It was distressing then to see so much growing corn drowned out.

The College Boys.

Messrs. J. O. Cannon, P. H. Demaree, J. W. Nelson and R. R. Rose, who are attending the Kentucky Wesleyan College at Winchester, gave some very impressive and forceful talks at the Presbyterian church in this city, Wednesday, Thursday, Friday and Saturday nights, and Sunday morning and Sunday night. The young men were assisted Sunday morning by Rev. I. T. Spencer, pastor of the Methodist church.

Loom End Sale.

Oldham Brothers & Co. the well-known Mt. Sterling merchants are advertising in this issue their great annual Loom End and Cut Price Sale. The many Powell county customers who do so much trading in our neighbor city should call at the store of this popular and money saving emporium and make their purchase while they have opportunity to give so much on staple articles.

Young People Greatest Criminals.

Statistics show that 45 per cent. of all crimes committed by the United States are by young men under 21 years of age. The cause for such a state of affairs lies in the fact that the youth who gets drunk, for instance, for the first time, often is carried home and the man who sold him the liquor is permitted to escape punishment; that the pistol carrier is allowed to go free when, if the first offense was taken notice of, a murder later might not have resulted; that criminal nature did not develop all at once, but resulted from the indulgence of the smaller vices until the hardened nature was the outgrowth of that careless course of action in handling smaller offenses.

Petroleum Production.

During 1912 500,000 barrels of oils were taken from the Kentucky fields as compared with 472,458 barrels in 1911. Kentucky however is a very poor oil state when compared to the other oil producing states. California led all other states with 82,000,000 barrels, Oklahoma comes second with 52,000,000 barrels while Pennsylvania which formerly stood at the top produced only 8,000,000 barrels and is surpassed in the order named by California, Oklahoma, Illinois, Louisiana, West Virginia, Texas and Ohio.

Stands High on Bad Record.

Kentucky stands fourth on comparative basis for the number of homicides committed in the different States, while a few years ago Lexington, Ky., stood second among the cities of the United States in the number of homicides, and Louisville, Ky., fifth.

W. D. Thacker, of Levee, is the city today.

Powell County Premiums.

The annual session of Farmers' Week at State University, Lexington has been in session this week. Many prizes were awarded to farmers for the best show of corn. It should be gratifying to Powell county people to know that corn from this county, both in the adult and boys' entries, took premiums. J. E. Burgher won first prize on best ten ears of white corn from this division, and first prize for the best single ear of white corn. He also won first prize on cow pea seed in open competition with the State. Edmon Burgher in the boys' department won third premium on best single ear and best ten ears. This corn was grown under modern methods from the very best seed obtainable, no expense being spared to make these crops a success. The best of this corn was grown on upland and made an average yield of 73 bushels per acre. The result shows that premiums were awarded to all of the five entries made from this county, three of these carrying off first premiums with the blue ribbons attached.

Louisville Paper Co. Secures Contract.

The Louisville Paper Company has secured the contract to furnish the state with paper for the ensuing two years. This contract amounts to about \$18,000. We are proud to see this contract come to a state concern and especially the Louisville Paper Company. The Times has been getting its supply of paper from this company for the past fifteen years and during all of this time the business relations have been perfectly satisfactory in every particular. It is a pleasure to do business with such firms. We commend the Louisville Paper Company to the newspaper fraternity of the state.

Guard of Honor.

Mrs. Silvia Russell, principal of the Graded School at St. Helens, was in the city one day last week, the guest of Mrs. Dr. Evans. She was on her way to St. Helens from a visit to home folks at Clay City. Her son who is a cadet in the Military Academy at Staunton, Va., was one of the guard of honor who welcomed president elect Wilson to the home of his childhood.—Beattyville Enterprise.

Fish and Game Food Value.

J. Q. Ward, of the State Game Commission said \$100,000 food value could be added to Kentucky by properly stocking up the streams of the Commonwealth with fish and restocking the forests with pheasants, deer and wild turkey and then the fish and game properly protected. We hope to see Mr. Ward's plans carried out. Fishing time will come again by and by.

Ill of Pneumonia.

Mr. G. P. Douglas, of Levee, is in a very dangerous condition with pneumonia. Mr. and Mrs. G. W. Clark and Mrs. G. W. Bush were summoned there to his bedside. Mr. and Mrs. Clark have returned and reported his condition as very critical. Mrs. Bush will remain until there is a change in his condition. Mrs. Clark is a sister to Mr. Douglas and Mrs. Bush is his niece.

Turn to The Bright Side.

When our farmers begin to look at the dark side of existing conditions in Powell county let them look back ten years ago when there was not a bridge in the county and one third the travel was cut off by high water. In this length of time there has been seven steel bridges built in the county which facilitates travel in modern style so far as high water is concerned. We like now but two more bridges then we will jump into the turn-pike proposition with a vim and never let up until we get a net work of pikes radiating in all directions of the county. Let Powell county citizens be hopeful, enduring, persevering and progressive and in a short end we will do things to a queen's task. To accomplish this, however, we must unite in this one common effort and economize in all fiscal affairs.

Crawford-Hardwick.

J. O. Crawford, of this city, and Miss Mollie Hardwick, daughter of Mr. and Mrs. William Hardwick, of Stanton, were united in matrimony at the home of the bride's parents at Stanton, on Christmas day. The wedding was a quiet affair. The bride is one of Stanton's popular young ladies and quite well known here before her marriage. The groom is a son of our fellow-townsmen, S. J. Crawford, and is a prominent young attorney of the local bar who concluded that the law of the land was not the only "law" unless he became somebody's son-in-law. We wish them much happiness.—Breathin County News.

Dr. Wm. C. Martin has been very sick the past week, but is now some better.

McCreary Talked of.

Governor McCreary, it is claimed, will enter the race against Beckham and Stanley for U. S. Senator. Governor McCreary is a great man and the Times has never failed to support him for the nomination of any office he has ever asked for, but this time from the point of fairness we think the nomination is justly due Governor Beckham. He was nominated six years ago and was defeated by traitorous Democrats in the Legislature and we now think it is justly due him without opposition. But without or with opposition we look upon him as a sure winner in the primary next August.

Financing the Farmer.

It is singular that the United States has been so long in awakening to the tremendous importance of farming as an industry, and to our inadequate provisions for financing the farmer. Agricultural credit societies are now a leading topic of discussion, and occupy page after page of the newspapers and magazines. The organizations abroad are being studied with a view to adapting them to American conditions. And the fact has been brought forcefully home that each of the agricultural credit societies abroad is buttressed by a scientific banking system. Not one could do extensive good without such support. Before we can finance the farmer as he deserves, our unscientific banking system must be reformed.

Fire in the State Journal plant at Frankfort Monday morning did \$40,000 damage. Some valuable state work was narrowly saved from the flames.

THE TIMES.

A HOME-MADE PAPER.

THURSDAY, JAN. 9, 1913

LOCAL BREVITIES.

Dr. S. P. Hammons, of Jackson, was here last week.

The Commission form of government has taken effect in Lexington.

H. G. Crabtree was in Mt. Sterling on business matters Monday.

Tom Mountz has joined Mrs. Mountz in a visit to relatives at Sardis, Miss.

Wesley Hackworth, of Beattyville, was in the city a short time the first of the week.

Judge Loving and Gran Hackworth were in Beattyville three days the last of the week.

The dates for the Bluegrass fair have been fixed for the second week in August, 11th to 16th inclusive.

Kentucky schools rank forty-second out of the forty-eight States from point of public school efficiency.

Mrs. Ellen McKinney was called to Irvine on account of the sickness of her sister-in-law, Mrs. E. J. Wallace.

The grip is prevailing furiously in Clay City and in the adjacent county. There are some very severe attacks.

The State Board of Valuation and Assessment has tentatively assessed whiskey at \$12 a barrel, an increase of \$2 00.

Married at the residence of Cash Woods, Jan. 2nd, 1913, Lewis Hamilton and Miss Jennie Woods, Elder A. Easter officiating.

Mrs. Wm. Mountz Sr. has been very sick with grip this week. Mrs. Wm. Mountz Jr. has also been very sick from the same cause.

Antuan Roberts, of Quick-sand, who has been visiting at Grandview, Tenn., visited relatives here last week while returning home.

Col. R. B. Franklin has resigned as Commonwealth's attorney in the Frankfort district and will devote his time to the practice of law, opening up an office in Lexington.

Thunder and lightning early Monday morning preceded a steady downpour of rain for the day which also followed Monday night and Tuesday. Thunder and lightning in January is indeed very rare.

Get a move on you and go to Mt. Sterling and attend Oldham Bros. & Co.'s great LOOM END and CUT-PRICE SALE.

J. G. ORRIDGE, President.

C. W. Duncan, of White Sulphur Springs, W. Va., was here over Sunday to visit relatives. Mr. Duncan will take up work as station agent for the L. & E. at L. & E. Junction.

Elder P. N. Taylor, of Estill county, of the Baptist church, is doing some good preaching at the Methodist church. The meeting will continue all the week and probably over Sunday.

\$100 Per Plate
was paid at a banquet to Henry Clay, in New Orleans in 1842. Mighty costly for those with stomach trouble or indigestion. Today people everywhere use Dr. King's New Life Pills for these troubles as well as liver, kidney and bowel disorders. Easy, safe, sure. Only 25 cts at all dealers.—Adv.

Cripps & Co., of Peru, Ind., have shipped to this city a Junco Percheron stallion and will dispose of him to some farmers in this county if they can get a satisfactory price for him. The horse weighs now 1,700 pounds, while his normal weight when in his usual flesh is 1,900 pounds.

Scott & Lowry, outfitters for horses, and a leading business firm of Winchester, are bidding for Powell county trade through the advertising columns of the Times. Our readers should call upon this firm when in need of anything in their line. We are sure they will receive courteous treatment and fair dealings.

Death of Ed Neal.
Ed Neal died at the home of his sister, Miss Maggie Neal in this city Monday afternoon of tuberculosis. Burial in the local cemetery Wednesday. Funeral services were conducted at the residence by Pastor Chas. E. Mann, of the Presbyterian church.

Deceased is survived by two brothers, Geo. Neal, of Lexington, J. T. Neal, of Louisville, and one sister, Miss Maggie Neal, of this city.

Frightful Polar Winds
blow with terrific force at the far north and play havoc with the skin, causing red, rough or sore chapped hands and lips, that need Bucklen's Arnica Salve to heal them. It makes the skin soft and smooth. Unrivaled for cold-sores, also burns, boils, sores, ulcers, cuts, bruises and piles. Only 25 cents at all dealers.—Adv.

A Most remarkable corn production per acre is reported by Capt. J. W. Riley, of Christian county. By careful cultivation of one acre of ground on his farm filled by his son a member of the Boys' Corn Club, produced 125½ bushels. This has been sold at \$2 00 per bushel for seed, and brought \$250. The land on which the corn was grown is valued at \$65 per acre.

A Girl's Wild Midnight Ride.
To warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Her deed was glorious but lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds, which might have ended in consumption or pneumonia. "It cured me of a dreadful cough and lung disease," writes W. R. Patterson, Wellington, Tex., "after four in our family had died with consumption, and I gained 87 pounds." Nothing so sure and safe for all throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by all dealers.—Adv.

Franklin Margison spent Xmas with friends in Clay City. . . . Miss Inez Edge, of Clay City, is visiting her cousin, Miss Neva Carpenter at this place, and uncle, N. C. Walters and family at West Irvine.—Estill Herald.

Jenkins, the new city in the coal fields, boasts of 5,000 inhabitants. The builders of the mountain cities of Jenkins and McRoberts claim that these two cities in a short time will have a combined population of no less than 20,000.

A Hero in a Lighthouse.
For years J. S. Donahue, Sr., Haven, Mich., a civil war captain, as a lighthouse keeper, averted awful wrecks, but a queer fact is, he might have been a wreck, himself, if Electric Bitters had not prevented. "They cured me of kidney trouble and chills," he writes, "after I had taken other so called cures for years, without benefit and they also improved my sight. Now, at seventy, I am feeling fine." For dyspepsia, indigestion, all stomach liver and kidney troubles, they're without equal. Try them. Only 50c at all dealers.—Adv.

HOT FLASHES.

Women in middle age often complain of hot flashes. They are at that stage of life—when their delicate organism needs a tonic and helping-hand which only Dr. Pierce's Favorite Prescription can give them. Many women suffer needlessly from girlhood to womanhood and from motherhood to old age—with backache, dizziness or headache. A woman often becomes sleepless, nervous, "broken-down," irritable and feels tired from morning to night. When pains and aches rack the womanly system at frequent intervals, ask your neighbor about

Doctor Pierce's Favorite Prescription.

Mrs. J. IMHOFF, of 321 S. Benton Street, Baltimore, Md., says: "I wrote you about nine months ago, telling you of my condition. I have a fine baby girl—she weighed nine pounds when born. She is my third child and the strongest of them all. My suffering was only for two hours. I took several bottles of 'Favorite Prescription' and one of Dr. Pierce's Smart-Weed. I never had a well day before I took your medicines. I was surprised how well I felt—could eat—was always hungry, and never had a sick stomach. The nurse who was with me said the medicine was wonderful because I got along so nicely after having had so much trouble before. She intends to recommend it to all her suffering patients. Everybody is astonished at me because I only weighed 102 pounds before and now I weigh 135. I have had several ladies come to me and ask about Dr. Pierce's medicine. I am willing to recommend it to all who suffer and want help. If any want information I will be glad to give it to them."

Hardwick & Co., Stanton.

SPOUT SPRING.

Miss Shearer, of Fox, is visiting Miss Corda Kirby.

Elder P. N. Taylor, of Winston, occupied the pulpit at the Baptist church Sunday morning and at the school house Sunday night. Bro. Taylor did some good preaching and we hope to have him visit us often.

At the anniversary of Estill Lodge No. 469, F. & A. M., Dec. 27, the following officers were elected: L. B. McIntosh, Master; John Baber, Senior Warden; Richard Adams, Junior Warden; D. N. Witt, Secretary; R. T. Kennon, Treasurer; George Dunaway, Tyler.

Darlingsville.

Mr. Nich French still continues very low. Very little hope of recovery.

Carter Reynolds bought of Jim Puckett, of Vaughn's Mill, a cow and calf for \$45.00.

Elder J. I. Wills filled his regular appointment at Powell's Valley church Saturday night and Sunday.

Misses Mattie Hall and Eva McIntosh made a pleasant visit to relatives and friends in the Spout Spring neighborhood last week.

Mr. and Mrs. George W. Pasley gave the young people a social Saturday night which they appreciated very much. All had a nice time.

A. C. Barnes whose illness was noted in the Clay City Times some time ago, is still on the decline—does not seem to improve very much.

Owing to high waters in the lowlands along railroad lines entering Beattyville the town is cut off from the outside world so far as traffic by rail is concerned.

Big Libel Suit Against Editor.

The Lawrenceburg News writes up and bitterly attacked the County Judge, County Attorney and Fiscal Court, of Anderson county and as a result is defending a \$100,000 libel suit in Circuit Court. There is no easy way out of this if these officials are candidates for re-election, and it can be worked. Just get their opponent impeached on the jury that tries them and the editor will come out good. By the way who'd 'a thought there was an editor in Kentucky worth \$100,000.00.

Naval Cadetship.

Editor Clay City Times:—

Please publish the following announcement:

The examination for Annapolis applicants will be held in the classroom of Professor A. L. Rhoton, of Georgetown College, at 9 o'clock Monday morning, January 20th, at Georgetown, Ky. Each applicant must be promptly on hand at time and place indicated.

Respectfully,

J. C. Cantrell.

HOW SHE KEEPS BEAUTIFUL.

The Mystery Skin

Like the flowers that bloom in the spring the young girl just entering womanhood is an inspiring sight and she is usually beautiful if she is perfectly healthy. She stays beautiful just so long as her health and constitution remain good. Let her be nervous, have backache, sleepless nights, and how soon does it take for wrinkles, crow's feet and dark circles to appear in the face? Her cheeks were rosy until she began to suffer from woman's weaknesses and the constantly recurring pains and drains brought her quickly from the beautiful age to the premature middle age. It was not meant for women to suffer so—it is due to our unnatural, but civilized methods of living, and to the fact that so many neglect those small ills which soon lead up to larger ones. Nothing so drags a woman down as those constantly recurring periods when she suffers more and more from a chronic condition that can be easily cured. No woman should take an alcoholic compound for that will disturb digestion, and the food is quickly compacted and becomes hard and tough in contact with alcohol, rendering the food indigestible. She must go to Nature for a cure. The native Indians of early times were far from wrong when they called a marvelously effective medicinal plant "Squaw root"—what the physicians of our day called *Calophyllum* or *Blanc Cohosh*. This and *Black Cohosh*, *Golden Seal*, *Lady's Slipper*, and *Unicorn* root, are important ingredients of a wonderfully successful remedy in modern times, namely, Dr. Pierce's Favorite Prescription. Having made a specialty of the diseases of women in the early sixties Dr. Pierce soon found that a glyceric extract of these roots with *Hydrastis* or *Golden Seal* and *Lady's Slipper* root, combined in just the right proportions, made the very best tonic and cure for the distressing complaints of women. Where women suffered from backache, weakness, nervousness and lack of sleep, it was usually due to functional trouble, therefore this prescription directed at the cause cured 98 per cent. of such cases. That is why Dr. Pierce soon put it up in a form easily to be procured all over the United States.

Aching from head to foot—that is the condition that afflicts some women at stated periods—backache, dizziness, and pains almost unbearable. An honest and a safe remedy which no woman can afford to lose the opportunity of trying for the cure of these distressing complaints which weaken a woman's vitality is Dr. Pierce's Favorite Prescription. Dr. Pierce not only assures you that his "Favorite Prescription" is honestly made, but he lets you know just what it contains.

The best of medical authorities recommend and extol the virtues of the above ingredients in "Favorite Prescription." Thus F. Ellingwood, M. D., Professor of Materia Medica, Bennett Medical College, Chicago, says of *Golden Seal*: "It is an important remedy in disorders of the womb. In all catarrhal conditions." Of *Lady's Slipper* root he says: "Exercises special influence upon nervous conditions depending upon disorders of the female organs; relieves pain, etc." Prof. John King in the *American Dispensary* says of *Black Cohosh* root: "This is a very active, powerful and useful remedy." "Plays a very important part in diseases of women; in the painful conditions incident to womanhood. In dysmenorrhea it is surpassed by no other drug, being of greatest utility in irritative and congestive conditions." "Its action is slow, but its effects are permanent." "For headache, whether congestive or from neuralgia or dysmenorrhea it is promptly curative."

Dr. John Fyfe, of Saugatuck, Conn., Editor of the Department of Therapeutics in *The Electric Review* says of *Unicorn* root (*Helonias Dioica*), one of the chief ingredients of Dr. Pierce's Favorite Prescription: "A remedy which invariably acts as a uterine (womb) invigorator and always favors a condition which makes for normal activity of the entire reproductive system, cannot fail to be of great usefulness and of the utmost importance to the general practitioner of medicine."

"In *Helonias* we have a medicament which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent."

cent stamps to D. Swift & Co. Patent Lawyers, Washington, D. C.

The diary contains 96 pages, a date and note spaces for each date in the year, states the amount of corn, wheat, oats, tobacco and cotton produced by each state, a brief synopsis of the life of each President from Washington to Taft, gives the population of each state in 1890, 1900 and 1910, a synopsis of business laws, patent law, household information and etc. It would cost 25c at a book store.

For three 1-cent stamps they will send a nice wall calendar size 10 x 11 inches. Send seven 1-cent stamps for the diary and calendar, worth fully 40 cents.

Farm For Sale.

125 acres of practically level farming land, just rolling enough to drain well. About half of this farm is of a good heavy black corn and wheat land and the rest is of a sandy loam and brings good grass and other products, and is now mostly set in blue grass. Most of this farm has been set in grass for a number of years and is in a fine shape for cultivation, and is located on the public road that leads from Irvine to Mt. Sterling and also on the south by public road. This place has on it a good dwelling of seven rooms, veranda and porch, splendid well and milk house right at the door, 1 chicken house, 1 buggy house, corn crib, 1 barn, good blacksmith shop and all other necessary outbuildings, about 3 acres in orchard, and is in about half mile to two churches, about 30 rods to good public school and 35 rods to postoffice, general store and Masonic Lodge; in about 4 miles of town and railroad. This farm is splendidly located and is surrounded by as high and respectable families as can be found in the country anywhere and will make a nice deal home for anyone. The owner has urgent reasons for converting this farm into cash as he must take care of some Western business. Terms made easy, about 1/3 down, the balance can be run for a term of years for reasonable rate of interest. This farm is going to sell at a bargain to some one, and any one seeking a farm of this description can call on or write to

Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

Whole Family Benefited By Wonderful Remedy

There are many little things to annoy us, under present conditions of life. The hurry, hard work, noise and strain all tell on us and tend to provoke nervousness and irritability. We are frequently so worn out we can neither eat, sleep nor work with any comfort. We are out of line with ourselves and others as well.

A good thing to do under such circumstances is to take something like

Dr. Miles' Anti-Pain Pills

to relieve the strain on the nerves. Mrs. J. B. Hartsfield, 33 Corput St., Atlanta Ga., writes:

"I have on several occasions been vastly relieved by the use of your medicines, especially the Anti-Pain Pills, which I keep constantly on hand for the use of myself, husband and two sons. Nothing in the world equals them as a headache remedy. Often I am enabled by the use of one or two of the Pills to continue my housework when otherwise I would be in bed. My husband joins me in my praise of the Anti-Pain Pills and Nerveine."

Dr. Miles' Anti-Pain Pills

are relied upon to relieve pain, nervousness and irritability in thousands of households. Of proven merit after twenty years' use, you can have no reason for being longer without them.

Stubborn Case

"I was under the treatment of two doctors," writes Mrs. R. L. Phillips, of Indian Valley, Va., "and they pronounced my case a very stubborn one, of womanly weakness. I was not able to sit up, when I commenced to take Cardul.

I used it about one week, before I saw much change. Now, the severe pain, that had been in my side for years, has gone, and I don't suffer at all. I am feeling better than in a long time, and cannot speak too highly of Cardul."

TAKE The CARDUL Woman's Tonic

If you are one of those ailing women who suffer from any of the troubles so common to women.

Cardul is a builder of womanly strength. Composed of purely vegetable ingredients, it acts quickly on the womanly system, building up womanly strength, toning up the womanly nerves, and regulating the womanly system. Cardul has been in successful use for more than 50 years. Thousands of ladies have written to tell of the benefit they received from it. Try it for your troubles. Begin today.
